**2005 MCA ANNUAL BUSINESS MEETING**  
**By Bill McBroom and Dan McCourt**

With nineteen members in attendance, the MCA annual business meeting was held on Sunday, April 24 (between rounds 4 and 5 of the State Open):

\* Secretary/Treasurer/ MCN editor Dan McCourt gave a brief financial statement (we are solvent with assets and income exceeding liabilities and expenses by about \$590) and membership (as of the State Open we had fifty-nine members) report.

The following were elected for one-year terms by acclamation:

- Nick Doulas, President
- Jim Skovron, Executive Vice President
- Haluk Beyenal, Eastern Vice President
- Romie Carpenter, Western Vice President

⊗ Eric Hongisto, Secretary/Treasurer (who agreed to serve, with others from Bozeman, as *MCN* editor). NOTE: subsequent to his election, Eric has accepted out-of-state employment. Haluk Beyenal has agreed, with the help of Steve Scarff, Spencer Olmsted, and others to edit *MCN*. ALSO NOTE: President Douglas appointed Bill McBroom to serve as acting Secretary/Treasurer.

☞ The bulk of the business meeting was occupied with consideration of the nearly 20 proposed amendments to articles and bylaws of the MCA Constitution. At the request of President Douglas, outgoing Western Vice President McBroom chaired this portion of the meeting. Douglas Hansen objected to the procedure arguing that members had not been notified properly. The objection was put to a vote of members present and was not sustained. At times there was spirited discussion; Douglas Hansen was ruled out of order during discussion of proposal #4 which added new language to Section E. of the Membership Article. Most of the proposals passed and these are integrated into the copy of the Constitution posted on the web page. Proposals #3, 6, 7, 8, and 9 proposed changes to language in articles concerning membership and were not adopted. All proposed changes to the bylaws were adopted. There will be a new call for proposed changes (see related article).

⊗ The final portion of the meeting was devoted to "good and welfare".

➤ Douglas Hansen explained the format of a new Great Falls Chess Club and the format of a new tournament which would also be called the Chinook Open similar to one already held annually in Great Falls.

➤ Mr. Hansen also spoke about the constitution and suspensions and his personal experience when his MCA membership suspension was upheld by the US Chess Federation. Mr. Hansen further complained that a website operated by former MCA member, Jim Loy, promotes inaccurate information concerning Mr. Hansen's suspension.

Jim Skovron, Nick Douglas, and Eric Hongisto also spoke to these issues.

➔ Douglas Hansen then moved that the MCA Board write a letter of concern to Jim Loy. The motion was seconded and passed by vote of 8-1.

### **Big Success for 2005 Montana Juniors**

**By Dan McCourt**

The 2005 MT Junior ChessFest is history now but it was quite the big splash while it was in progress. 58 participants made for a real interesting time--especially in the big room where Steve Scarff, Eric Hongisto, and Chuck Borland herded the 39 K-5 graders through 5 wild and woolly rounds. Thanks to Cassia and Thad Suits for the SwisSys pairing program or it would have been extra woolly. And, of course, a really big pat on the back to Steve S. for taking time to get to know the software program and making it work when we had to register 30 kids in 30 minutes and for producing pairings and standings on demand.

As of 10:00am we were still apprehensive about the attendance and the usefulness of \$200 worth of trophies and chess pins. That ended about 10 minutes later when the early birds started arriving. Eric and Steve Fusselman put in an intense 45 minutes registering names, taking money and getting addresses. They used up most of the sign-up sheets and mailing lists and ran through all of the 40+ membership cards. They also quickly burned through the \$80 worth of change on hand so we were

fortunate that the AmericInn staff didn't mind sharing theirs. Spencer Olmsted drafted a helper and dashed off to the rental center for more tables and chairs. By that time, we were rolling in the dough and didn't give a hang about the cost as long as we could put tables under chessboards and chairs under kids. The event was late getting underway and we only got one round in before the lunch break. After that though, everything sailed along quite well and quite fast. The high school group played in a separate room and used clocks. That meant that their section took longer to play its games but it was better for them not to have the TD's pushing them to get done faster. (They did have to play within earshot of the great din that the parents were chatting up in the nearby motel lobby.)

The lobby, itself, wasn't too big, but it was nice and it was comfortable. Also in the lobby, parents of the Longfellow Elementary Chess club set up a concession stand with pizza, baked goods, and drinks.

The 6-8 graders played on the rental tables which were setup in the poolside area.

Those players were not much attracted to the pool, but for some of the younger players and their siblings it was like a magnet. There were some "moments" but no real close calls.

Steve F., Spencer, and Jens Lundell took on the 6-8 and 9-12 sections. (I joined them after seeing Steve Scarff clamber up onto a table to deliver his pre-tournament pep talk to the K-3s and the 4-5s. Mostly though, I just tried to stay out of the way!)

In summary, we had lots of good help, all the trophies went to deserving players, and the last minute idea of ordering "extra" chess pins turned out to be a good move as we had just enough for everyone to get one.

Kindergartener Jonathan Paul scored 3 points against kids who were all but one older than he. A fifth grader, Nathan Brown, went undefeated which was not too surprising given that he has also scored quite well against adults at the University Chess Club. A Missoula 8th grader, Mac Widdicombe, took the top trophy for his section and Jarred Schantz of Lolo broke through the Scott Young-Kirk Lundby domination of the top spots in the 9-12 section. Jarred will be Montana's nominee to the Denker tournament of high school champions to be held in Phoenix this summer.

This was the first year that Billings high school students participated with 3 from Billings Senior making the trip.

Kara Lundby played well and took 3rd in the 6-8. The 4-H sheep sale comes first this year but Kara would seem to be the frontrunner for Montana's nominee to the Polgar Tournament For Girls in 2006. There will be competition coming up, however, as in the 4-5 section, Bozeman girls numbered almost as many as the boys.

Two Bozeman elementary schools showed up in large numbers. Morning Star had about 15 entries while Longfellow's presence was accentuated by their bright purple jerseys with chess club logo. A big thank-you is due James Taylor for his part in organizing chess at Morning Star and getting the players psyched up for the event. Many thanks also to the Longfellow chess-moms for their support of chess in the schools and for putting together the concessions at the tournament.

AmericInn is a nice place to stay and the staff went out of it's way to accommodate all the chess players. Everything about the place is new and looks nice. It's actually a little small for a tournament this size but a the average Montana chess group would be very comfortable in their conference room.

We had 58 paid tournament entries @\$7 each and a little over 50 new members were signed up. Two family memberships were also sold. After subtracting the \$56 for table and chair rental, we still cleared about \$150. There was probably about \$30 in postage as well.

After this tournament, membership has rocketed back up to about 120 with almost half being juniors. The treasury took a big jump too. It's just under \$1000 with a couple more expenses to take care of before it gets dished off the Bill McBroom for the 2005-2006 term.

Thanks, again, and a big tip of the MCA cap to all who helped out. The kids and their parents were all very happy with the event.

MCA THANKS AMERICINN OF BOZEMAN FOR PROVIDING THE LOCATION. WE WELCOME THEIR SUPPORT OF MONTANA CHESS IN THE FUTURE!

**MSU CHESS CLUB WINS 12th GREATER NORTHWEST TEAM TOURNEY****By Haluk Beyenal**

12<sup>th</sup> Northwest team tourney was held at Shock Restaurant in Missoula. The tournament was organized by Greg Nowak. The location of the tournament was excellent, good coffee and food! The players enjoyed the tournament and the challenge!

Team tournament winners: **MSU Chess Club** team. Haluk Beyenal (board #1), Jens Lundell (board #3), Eric Hongisto (board #2), Stephen Fusselman (board #4). Greg Nowak won best first board prize. Dan McCourt won best second board prize. Jens Lundell won best third board prize. Stephen Fusselman and Nick Warner shared best fourth board prize. This was Eric Hongisto's last tournament in Montana before he moved back to New Jersey. We expect him to come back soon!

**70<sup>th</sup> MONTANA OPEN: five way tie for first place - Haluk Beyenal wins on tie breaks**  
**By Nick Doulas**

The 70<sup>th</sup> Montana Open was a huge success. It was held in Great Falls at the Town House Inn. There were thirty-three participants from all across the nation. I would like to personally thank all the folks from Washington, Wyoming, and New York who played. This tournament could not have been possible without all your support and help—thanks for coming. The Tournament got off to a rocky start (45 minutes late—sorry!), but after that it seemed to run smoothly.

The tournament itself had some great drama. Bill Furdell continued to be an upset maker and drew Mike Jensen, and at first it seemed as though he was going to take the first biggest upset prize. But, that's not what happened; there were nine different upsets over a hundred points or more. In the second round, Dan Wilkinson beat Robert Mitchell for a 397 point upset. Dan congratulations. This earned Dan the biggest upset prize of the tournament and twenty-five dollars. The second biggest upset prize went to Richard Stuckey. He knocked off a player from Spokane David Griffin in the fifth

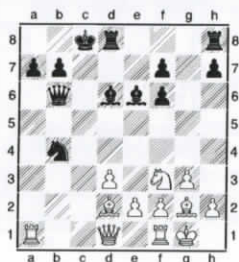

round for a 353 point upset. Great job Richard-- those Spokane players are tough. Congratulations to you, with this upset, Richard earned the second biggest upset prize and twenty dollars! Another notable upset was by Haluk Beyenal. He knocked off Robert Feldstein for a 241 point upset. Congratulations Haluk. Overall with nine different players either drawing or beating a higher rated player, suggested a high level of competition. Congratulations to all!

Now onto the tournament winners and class winners, first I will start with the unrated class. This class was won by Sydney Williamson with 1.5 points. Awesome job by Sydney—hope to see you over the board in the future. The E Class Winner was won by our biggest upset prize winner Dan Wilkinson with 2.0 score. Congratulations Dan on the Double Whammy!! The class D Prize was won by Nick Doulas with 2.0 points. The Class C prize was won by Kevin Korsmo of Spokane with 3.0 points. Great Job Kevin!! The B Class prize was won by Robert Martin. The Class A prize turned into a first place trophy. What occurred was this. There was a five way tie for first place in this year's event. These five players all tied for first place with 4.0 points: Haluk Beyenal, Phillip M Weyland, John C Julian, Robert A Feldstein ESQ., and Andy Shuck. This was amazing. In all my years of playing chess in the Montana Open, I have never seen such a tie. This five person tie resulted in a tie break where Haluk won on tie breaks giving him the first place trophy. Phillip Weyland, from Spokane, took home the second place trophy. John Julian, also from Spokane, took home the third place trophy. Unfortunately, Mr. Feldstein did not take home any hardware due to his high rating. Andy Shuck, however, was the highest A class finisher thus giving him the A Class trophy. All five received a portion of the prize fund divided equally between them. Congratulations to all five in winning a portion of the 2005 Montana Open. In addition, the top Montana Senior was won by Robert Martin with 3.0 points. Congratulations Bob! You're marvelous! The Top Montana Junior was won Kirk Lundby with 2.0 points. Is he a Junior?! Just joking Kirk—congratulations!

Again, I would like to thank everyone who participated the tournament was a huge success! This tournament's success is because of you! Some of you have won prize money and I need to get it to you: Haluk Beyenal, Dan Wilkinson and Richard Stuckey. I will try to contact you ASAP.

BOB MARTIN TIED 3<sup>rd</sup> : Inland Empire Open!

Curt Collyer and John Julian won the 52nd Inland Empire Open, Spokane's oldest tournament with scores of 4.5. Each won \$200 for sharing the first and second prizes. Finishing third in the field of 27 were Geoff Gale, Pat Herbers, Elston Cloy, and **Robert Martin** with 3.5 scores. They each earned \$68.75 for splitting third place, first and second in class A, and first in class B. Martin won the B section with his score while the others topped the A section.

## www.MontanaChess.org

By Spencer Olmsted

We have a great website! I should know - I built it. Actually, I was able to utilize some other people's work as well as my own, but what has been developed for over a year or two has become an important tool for the MCA. Unlike the previous website, this site maintains information in a database. This allows us to store event information, tournament results and personal contact information as well as chess games! We look forward to a time when a tournament director will be able to print out an active MCA roster before a tournament to help with registration, but I am still developing this functionality.

Currently there are over one thousand games that you can play over in the PGN game viewer on the website. Members are able to add new games played in MCA tournaments from the website 24 hours a day. Games should be recorded in PGN notation (you can look this up on the web if you don't

know what it is) and may contain comments in the PGN style. Many chess programs (Fritz included) generate PGN notation.

Some of the other features

- There is a link to the US Chess profile page which will open from the website when you include your USCF membership number in your personal information.
- Play a computer chess program directly from the website
- MCA constitution and Bylaws are posted here
- Grand Prix standings
- Member contact information
- Regional club information
- Chess Links (you may suggest links at any time)
- Event Calendar

The most important thing you can do is become a part of our online community. Create an account if you don't already have one and keep your personal information up-to-date. All information is secure, so you don't have to worry about spam. Use the site and make suggestions for improvement. Add your club to the list of clubs already there. Post events, or get a board member to post them for you.

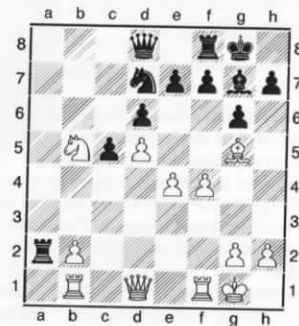

I hope you all enjoy this tool as a way to promote the game of chess in Montana and the surrounding area.

### ISU PRESIDENT'S CHALLENGE TOURNAMENT: IM DONALDSON GIVES LESSONS TO TWO MONTANA CHESS PLAYERS GREG NOWAK WINS 3<sup>rd</sup> PLACE AFTER TWO INTERNATIONAL MASTERS

Since we do not have any games from Greg Nowak (one of Montana players) we published the other Montana Chess player's game!

Position after move 16 (16... Rxa2)

during which they could not attend, and others had made commitments since the Open. No luck. I had to re-poll the qualifiers and alternates and got nothing like full consensus, but a number of candidate dates emerged. To no great surprise, I had prior commitments for all the leading candidate dates so I could neither serve as the T.D. nor play in the Barto.

The next problem encountered was to get a site. Commercial space tends to be not only expensive, but also committed well in advance (for example, I arranged for the forthcoming Turkey Open with a Missoula motel more than six months in advance—and then could not get my first choice). President Nick Doulas was able to get space at UGF. He also graciously volunteered to serve as T.D. Unfortunately, he had little choice and was obliged to take a date that competed with another tournament (the Chinook was announced early, but Douglas Hansen seems to have had no luck in getting a site so the two may not actually compete).

Oh, yes, there was another problem. All of these arrangements had to be made before picking a date and site for the traditional Triple Header. Of course, there were a number of communications with the other Board members along the way.

For those of you old enough to remember the expression (or those of you who are good historians), in my opinion this is no way to run a railroad. We moved the Open to April to avoid such things as Mothers' Day, Memorial Day, Fathers' Day and the sundry high school and college graduations. With past practice having the Closed and satellite Barto Memorial Open in September (October this year), it is a long time in between identifying the qualifiers and determining the champion. It is a bit like inviting an audience back a week after some event to applaud the performance.

I am in the process of trying to persuade my fellow Board members to arrange for the Closed (establishing date and site) at the same time we arrange for the State Open. Some of the potential participants (certainly the last year's champion and likely those in the grand prix hunt) could plan ahead, as could anyone with hopes of getting in through the Open. Even if aspirants are unsuccessful, they can play in the Barto (and enhance participation) if they have reserved the date. The Closed/Barto could be held in July or August and folks could plan other tournaments (like the Triple Header) without having to hold off until the decision about the Closed was made. In fact, I will be proposing a change to the bylaws on this point for consideration during the 2006 business meeting.

## **The MCA CLOSED CHAMPIONSHIP SEPTEMBER 8-9**

Qualified players who confirmed that they will play

Phillips, Robert L.  
Haluk Beyenal  
Bob Martin  
Jens O Lundell  
J Michael Jenson  
Romie Carpenter

# 10 RULES FOR THE OPENING FOR MONTANANS

(from Exeter Chess Club web page)

1. Get your pieces out into the centre quickly. The opening is a race to see who can get their pieces out first while keeping at least a share of control of the centre.
  - o This is the main point to remember; all the other rules are just footnotes to this one
2. More detail on winning the race:
  - o Move pieces not pawns, and
  - o move them to their best squares in one move if you can, and also
  - o try to gain time if you can by aggressive moves.
3. Move minor pieces out first, not your Q or RRs which can be attacked and lose time
4. Get a firm foothold in the centre and don't give it up
5. Generally move Knights straightaway to f3/c3 or f6/c6
6. Move your king to safety at the side by castling King's-side (which also gets your Rook into play)
7. **Complete your development** before moving a piece twice or starting an attack
8. Keep your queen safe
9. Don't grab pawns or attack if you haven't completed development
10. What to do if there is a lead in development:
  - o **If you are ahead in development**, start something going and open up lines for your better pieces
  - o **If you are behind in development**, don't start anything and keep things closed until you have caught up

## UPCOMING EVENT

### 2005 AUNTIES OPEN, AUGUST 27-28

**Time Control:** g/90, **Location:** Aunties Bookstore, Spokane, WA, **Description:** Five found Swiss system. Rounds 10, 2, 6 on Saturday and 11 and 3 on Sunday.
