STUBBERUD TAKES MONTANA TITLE
LYNN WINS MONTANA OPEN \& REGAINS WYOMING TITLE
$* * * * * * * * * * * *$
The Montana Chess Association's Annual Business Meeting was called to order at 7:15 pm on Saturday, May 10th in the State Tournament playing room.

President Bill Lynch read the Treasury Report which showed income totaling \$338.23 and expenses of $\$ 271.15$ for a net increase of $\$ 67.08$ leaving a new balance of $\$ 220.08$.

Selection of a site for the 1981 Montana Open was next on the Agenda and Missoula was nominated and unanimously approved when no other city was proposed.

Then, the following people were elected to the Board of Directors for 1980-81: President - Tony Mattina, Vice President - Ken Shinn, Secretary - Chuck Chapman, TreasurerBill Lynch, and Junior Vice President - Matthew Guthrie.

Bill Lynch reported that increased costs would require additional support for Montana Chess News or cuts in the quantity or quality of production. After some discussion, a dues increase was approved to cover the cost of maintaining MCN in its present form. New membership rates are \$4/year Adult and \$3/year Junior.

An extended discussion followed concerning the history of complaints about the State Title being determined by a single Open Tournament which is often dominated by strong out of state players causing the title to be awarded on the basis of tie-break points. Having a Montana Closed Tournament in lieu of the Montana Open was discussed, but this proposal had little support. A Closed Playoff to follow the Montana Open was finally approved by a fairly substantial margin.

The Closed Playoff will work as follows: Within three or four weeks after the Open, six players will engage in a single round robin tournament, with the winner to be awarded the title of Montana State Champion. The previous year's State Champion, Montana Grand Prix Champion and Montana Junior Champion will be seeded into the group, with the balance of the field coming from the top Montana players in the Montana Open in order of finish. Should any player be unable to participate, the next highest finisher from the Open may be invited to take his place.

Marc Lynn fashioned a $4 \frac{1}{2}-\frac{1}{2}$ score in the Wyoming Open held in Casper, Wyoming from May 30-June 1, to tie Doug Greenwalt of Nebraska, and regain the Wyoming State Title which he held in 1974 and 1975. Defending Champion Steve Smith, who drew both Lynn and Greenwalt, had to settle for third place.

Notes: Performance Ratings were used to break ties between sections for the Junior and Senior Titles - G. Shuck, 1482 \& C. Long 1387; M. Guthrie, 1866 \& M. Laceky, 1536. Ratings in parenthesis were hand calculated and may be used for pairing in later events until these players receive official ratings from USCF.

Kip Stubberud took first place in a 4 round swiss system five minute speed chess tournament on Sunday, May 11 th, with a perfect $4-0$ score. Steve Haataja, Bill Greer and Andy
ak tied for second place with 3-1 marks. A proposal was made to incorporate time handlcaps based on rating differentials in each fame (for instance 5 minutes to four minutes for a player rated 100 points higher), and while this was not done, it may be tried in the future, to give everyone a better chance to win at speed chess.

Former Montana Champion Judson Temple, now living in Michigan, was known for his conservative style of play and endgame technique. Lately, he has been experimenting with a more lively approach to the game, and he sends the following example from a team match between Madison Heights and Ann Arbor:
Judson temple-Jerry Cetrangolo SICILIAN 1 P-K4 P-QB4 2 P-Q4 a PxP 3 P-QB3 PxP $4 \mathrm{NxP} \mathrm{N}-$ QB3 5 N-KB3 P-K3 6 B-QB4 b B-QN 57 O-0 c BxN 8 PxB KN-K2 9 P-K5 d Q-R4 10 Q-K2 e QxBP f 11 B-Q2 g Q-R6 h 12 KR-QN $\frac{1}{1} P-Q 4$ j 13 B-QN $5 \mathrm{k} P-Q R 4114 \mathrm{R}-Q N 3 \mathrm{Q}-\mathrm{B} 415 \mathrm{~B}-\mathrm{K} 3$ ? m P-Q5 16 $B X Q P \frac{n}{2} Q-Q 417 \overline{Q R R-Q 1 ~ Q-Q 1 ~} 18$ B-QB5 B-Q2 19 Q-Q2 o $N-Q 420$ B-QB4 p P-QN 3 q 21 BXNP!? $\underline{r}$ $N x B 2 \overline{2} R x N Q x R \leq 23 Q x B c h K-B 124$ Q-Q6ch t K-N1 $25 B x K P$ u R-Q1? vi 26 BxBPch KxB $27 N-N 5 c h$ Black Resigns. a E'ven this move seemed to make my opponent nervous, as if he'd been stung by gambits before. b I wasn't booked up on the gambit. My book recommends $6 \mathrm{~B}-\mathrm{KB4}$, but considers the text playable. c A judgement question. White accepts, after 7...BxN, an isolated pawn on a semi-open file, but can counter on the $Q N$ file and gets the two Bishops. It turns out my move is book. I also considered 7 Q-B2. d Played to prevent the freeing move 9...P-Q4. It turns out this is conceptually the right strategy, but I missed Black's next. e Black is attacking both the QBP \& KP and I can protect both only by the awful looking $1 \overline{0}$ Q-K1. So, after 20 minutes of study I decided to sacrifice the QBP, which may be unsound, but I was bolstered by the thought that after $10 \ldots$... $x$ BP I could develop and attack the Queen with gain of time - and by the thought that in the opening White sometimes sacs both the QNP \& QBP for reapid development - so why not now? $£$ Taken after 10 minutes of thought. g Clearly better than $11 \mathrm{~B}-\mathrm{N} 2$ which allows the Queen to retreat by $11 \ldots \mathrm{Q}-\mathrm{R} 4$ and $12 \ldots \mathrm{Q}$ $\bar{B} 2$ or $Q 1$. I wanted to keep the Black Queen exposed where it could be harassed. $h$ A reasonable looking move. Post-game analysis suggests $11 \ldots Q-B 7$ may be better but, if so, it certainly isn't easy to see. 112 QR-N1 may be equally good or better. $j$ Another reasonable looking move which turns out poorly. Better is $12 \ldots 0-0$. k Certainly not 13 PxPep $Q x P$ to help the Black Queen escape. Now White threatens 14 B-QN4 winning the Queen. 1 Black is in real trouble. $13 \ldots 0-0$ or $13 \ldots \mathrm{~B}-\mathrm{Q} 2$ lose to $14 \mathrm{R}-\mathrm{N} 3 \mathrm{Q}-\mathrm{B} 415 \mathrm{R}-\mathrm{QB} 1 \mathrm{Q}-\mathrm{N} 316 \mathrm{BxN}$ with a discovered attack on the Queen. Nor is the move Black played any better. Best is probably 13 ...Q-B4. m Winning back a pawn with the better game but missing the best line $15 \mathrm{R}-\mathrm{QB1} \mathrm{Q}-$ R2(or $15 .$. . Q-N3 16 BxN ) $16 \mathrm{~B}-\mathrm{K} 3 \mathrm{Q}-\mathrm{N} 117 \mathrm{BxN} \mathrm{NxB} 18 \mathrm{RxN}$. n Not 16 NxQP QxKP. o White's initiative is plenty of compensation for the pawn. p Threatening both 21 RxP and 21 BxN PxB 22 QxQP. q Protecting both pawns. $\underline{r}$ Saner and better is 21 B-Q6, but after the exchanges I liked White's N-KN5 with mate threats. s Mostly forced. $t$ Pinning the Black Knight. $\underline{u}$ Black could have drawn here after 25 ... Px $\bar{B} 26$ QxPch and White settles for perpetual check. v A bad blunder. W If 27...K-N1 or K-K1 28 Q-K6ch Black any 29 Q-B7mate.
